

Group Pension Plan for Town Employees Heard by Council

A group pension plan for town employees was submitted to Didsbury Town Council by Mr. A. Reiber at its regular monthly meeting in the Town office on Monday evening, August 1. Mr. Reiber explained that premiums were based on 10 per cent of employees' salaries and were payable on a 50-50 basis. At the age of 65 an employee was entitled to the cash surrender value of the policy or had the option of receiving a monthly pension for the remainder of his life. The matter was discussed by Council and a final decision will be made at the next meeting.

A letter from the U.F.A. requested permission to build a bulk station on the property east of Barrett's Garage or on part of the ball diamond. A decision in this matter will also be made at a later date.

Building permits were issued to H.R. Burgess for the building of a house in the northwest part of town; to Orla School Division for the moving of two rural schools onto the property north of the old curling rink; to H. Ramm for the erection of a frame house east of the Garner residence, and to E. Karp for the building of a house east of the Anglican church.

Date of the Court of Revision was set at Monday evening, August 15, at 8 p.m. All appeals against the present tax assessment will be heard at this time.

Walther Leaguers Plan Excursion

"The Holy Christian Church" was the topic discussed at the last Walther League meeting on Tuesday, August 2. In the course of the discussion it was pointed out which churches are truly Christian churches, namely the ones who have the Word of God, teach it in all its truths and purity and administer the sacraments according to the institution of Jesus Christ. Following this, the duties of the members to their church was thoroughly discussed. Pastor Fox led the discussion.

During the business meeting final plans were made for the League excursion to Calgary on Tuesday, August 9. About 30 Leaguers indicated their willingness to participate. The League also discussed the question whether at this time to purchase a piano or their own 16 millimeter sound projector. It was resolved that a projector be ordered on a trial basis and if it proves satisfactory that it be purchased.

A number of new Leaguers joined the society. The League showed its approval in the work the float committee had done and the thought was expressed that this idea be repeated next year. After lunch a few games were enjoyed by about 55 Leaguers and friends.

SUCH WAS LIFE

Before the railway was formed a very trying and annoying situation very often put the train men on the spot. Cattle became used to the tooting and steam blowing. They were bound to be on the track.

Sometimes the train had to be stopped and nothing but a chase on foot would clear the track. However, before the engine could get by the cattle would be back on the track and run ahead or suddenly cross on the track when running alongside.

In spite of all the men could do periodically, cattle were caught and hurt or killed and so had to be destroyed.

We can imagine that new words were often coined about that time. Who would envy the engineer's or fireman's job.

This all helped to bring about a start of our present accommodation, although it was only twice a week that a run was made with seven or eight freight cars and a flat seat smoker colonist car on the rear, at a speed of about 15 miles per hour when running.

How could a schedule be followed with interruptions anytime, anywhere?

Very few of these men are still alive. We owe them a debt of gratitude.

PIONEER CITIZEN

BILL SHAW IS FIRST TO START GRAIN CUTTING IN DISTRICT

Bill Shaw, who farms east of Didsbury, is the first farmer in the district reported to have started harvesting. On Monday he commenced cutting his registered oats which were grown on summer-fallow.

The stand of grain is good and Mr. Shaw expects the grain will average out at about 45 bushels to the acre.

Mrs. Joyce Mullen Honored at Shower

A very enjoyable afternoon was spent at the Rosebud school on Wednesday, August 3, when a number of ladies of the district gathered together to honor Mrs. George Mullen (nee Miss Joyce Morgan) at a miscellaneous shower. The school was very prettily decorated for the occasion.

Winners of the contests played were Mrs. J. Worrall, Mrs. O.T. Phillips and Mrs. Clarence Stroud. Mrs. Walter Irwin and Mrs. Clarence Stroud sang three duets, accompanied by Miss Jean Cogswell at the piano. Mrs. Arthur Gehers gave a reading, and Miss Beatrice Berthel and Master Billie Sheehy, both rendered some delightful piano solos.

A mock wedding ceremony was held with Mrs. Marie Coates of Oids as minister, Wayne and Gail Phillips as bride and groom. Evelyn Wilkins as best man, Barry Gale and Bobby Nuss as bridesmaids, Gabriel Kiersgaard as flower girl and Margaret Atkinson as the bride's father.

Following the mock wedding Brian Wilkins and Donna Gale pulled in a gaily decorated wagon loaded with many lovely and useful gifts, for which Joyce thanked everyone in a few appropriate words and with an invitation for everyone to come and visit her in her new home.

Lunch was then served and to round out the afternoon activities were called for to fill in a humorous writing of the afternoon's activities.

Mrs. Irene Lytle received two wolfhound pups recently from McGee, Sask., to help her with her trapping.

To Start Work on Water and Sewer

It appears that construction work will start in the near future on Didsbury's water and sewer system, if recent events are any indication of when the work will start.

Delivery of necessary pipe has been a major problem, but last week Town Secretary F.L. Evans had a wire from Johns-Manville Co. in the East saying that two carloads of 6 and 8 inch pipe had been shipped. Previous delivery of sewer pipe, together with the arrival in town this week of the large ditching machine, seem to indicate that the construction company, Wilson & Wilson, are getting ready to start on actual laying of water and sewer mains in Didsbury.

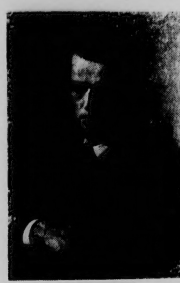

The cement situation is still critical and lack of this material will hold up construction of the sewage disposal plant, and the reservoir at the Butte but it is hoped that the cement supply will improve in the near future.

Joseph Weber, 89, Passes Saturday

Joseph Shantz Weber, 89, died at Didsbury on Saturday, August 6, and funeral services were held at West Zion Mennonite Waterloo Church on Tuesday, August 9, at 1:00 p.m., with Rev. L.A. Hackman officiating.

The remains were forwarded to Waterloo, Ontario, for further services and burial. Didsbury funeral home was in charge of arrangements.

Mr. Weber was born at Waterloo, Ontario, and had lived at Didsbury for 13 years. He is survived by his wife, Elizabeth, and 15 children.

ED McCURDY

Ed McCurdy, balladeer and folk singer, is heard each week on Friday afternoon over CBC. In addition to broadcasting with CBC, Ed has been busy in Toronto making recordings of some of the favorites he does on the air.

DIDSBURY HOSPITAL BIRTHS

To Mr. and Mrs. Allan Gole on Sunday, August 7, a girl.

Ball Final at 5.30

Don't forget the playoff ball game in Didsbury at 5.30 tonight at the local ball diamond. The game, between Beiseker and the Rosebud League All-Stars, will decide the winner of the \$200 first prize money of the Lions Club Jamboree.

Many Delegates At Didsbury Constituency W.I. Conference

One hundred and three delegates and members attended the Didsbury Women's Institute Constituency Conference on Thursday, August 4, in the United Church. The following institutes were represented: Westcott, Melvin, Zella, Cremona, Rugby, Mountain View, and Lone Pine. Delegates were also present from the two W.I. Girls' Clubs, the Baneroff Buttercups and Rugby Bluebells.

Mrs. Jack Robertson, who is the Constituency Convenor, was in the chair. Guest speakers included Mrs. A.L. McGeehan, Penhold, provincial president Alberta Women's Institutes; Mrs. T. Howes, Millet, director of District 3; and Mrs. Bray, Calgary, representing the Cancer Society.

Mrs. Ruth Eckel gave the address of welcome to the delegates and Mrs. Sarah Schultz of Cremona replied.

Each Institute was requested to arrange for an item of entertainment and the speeches were interspersed with the following delightful numbers: Westcott, a piano solo by Carol Owens; Cremona, a piano accordion solo by Mrs. Presling; Rugby, vocal duets by Jean Krebs and Mildred Luft; Melvin, piano solo by Mrs. Carleton Leeson; Baneroff, vocal solo by Miss Arlene Haste; Lone Pine, a solo "Beautiful Dreamer" by Joan Elliott, accompanied by her sister, Evelyn; Mountain View, a piano duet by Geraldine and Maxine Fulkert. Mrs. Gordon Ford accompanied the group for community singing.

One of the highlights of the conference was the handcraft competition. Each Institute enters various articles of handcrafts in this competition and the one with the most points is declared the winner. The contest included house dresses, garments made from old clothes as a thrift problem, embroidered pillow cases, crocheted dolly, plain and diamond knitted socks, embroidered pictures, and cooking for afternoon tea, including fancy sandwiches, plain and fancy cookies and angel food cakes.

The judges were Mrs. A.T. Kemp and Miss Gwen Cavendish of the Oids School of Agriculture. Miss Cavendish, acting as spokesman, complimented the ladies on the fine quality of the work displayed.

She reminded them that to win a prize an article must be well made both inside and out, suitable for the purpose for which it is intended, and attractive as to design and material. Rugby won first place with 61 points. Westcott was second with 53 points and Melvin third with 46 points.

In her annual report Mrs. Rob

GOOD FISHING ON CLEARWATER

Mr. and Mrs. Ed Grange returned last Thursday from a pack trip 30 miles up the Clearwater. They report a good trip and good fishing despite the muddy water due to rains. Mr. Grange says there are numerous elk in the Clearwater area, although they saw very few moose and deer on the trip.

Westerdale Loses Semi-Final Game

The Westerdale ball team was defeated by Hartmann in the sudden death semi-final baseball game held last Wednesday afternoon.

A dance will be held in the Westerdale hall on Friday, August 19, with the Rugby Merry-makers supplying the music.

Mr. and Mrs. S. Jackson motored to Strathmore on Sunday, where they attended the wedding of Miss Irene Langdale, a former teacher in the Westerdale district.

Mr. and Mrs. F. Herbert returned home last Tuesday evening from an eight-day motor trip, travelling over 500 miles up the Alaska highway. They made the trip in a new Monarch car just purchased from Mr. Ed Phillips of Oids.

Mr. S. Hunt of Calgary and Mr. M. Koch of Trochu spent Sunday with the A. Jones family.

Valerie Grange of Calgary spent a few days last week end at the home of her aunt, Mrs. T. Bolton.

The Westerdale boys ball team played the Hainstock boys Monday evening at the local diamond and the latter were victorious by an 11-7 score.

erson reported two new branches were formed, one at Melvin and the other at Zella, both west of town. She said the two executive meetings were well attended and would be continued as they give all branches an opportunity to speak on matters of policy during the year. She said the constituency meeting last year was donating a set of baby-weighing scales to the Didsbury hospital. Mrs. Robertson said she had visited all groups during the year, and felt that all the Institutes within her constituency were enjoying their valuable work.

The secretary of each Institute gave a report on the work done during the year, but owing to lack of space these cannot be reported in full. Mrs. J. Hoesegard reported for Rugby W.I. and said they had paid subscriptions for the magazine "World Affairs" to be sent to two nearby schools. Mrs. Kromm and daughter Sue of Calgary accompanied Mrs. Irwin to the Goetjen home last Wednesday.

We are sorry to hear that Mr. Jack Wedder is again on the sick list. His best wishes go out to him for a speedy recovery.

On Wednesday afternoon last another Weaver brush demonstration was held at the home of Mrs. Herbert Goetjen. In the absence of the regular demonstrators, Mrs. Martin, Mrs. M. Irwin of Calgary took over the afternoon's entertainment. Mrs. Clarence Larson won both prizes, the first in a contest.

Mrs. Alex Robertson reported for the Westcott W.I. and said their branch members take turns in corresponding with a W.I. in England. They always send a Christmas cake and tea to this branch, and as a token of appreciation the English group sent them a lovely hand embroidered tablecloth to use at their meetings. This was received on the 21st anniversary of the Westcott W.I. last winter.

Mrs. Otto Bittner of Mountain View W.I. said their chief community project had been helping clean up and paint the Mountain View Hall. In addition to helping with donations for social services they had helped to send a delegate to Young People's Week at the University in June and a delegate to the Women's Week at the University. Mrs. Roy Shantz reported for Melvin, one of the new groups, reporting that their group had formerly been a community group but felt the need of a broader program and had decided to become a Women's Institute. They had donated towards providing artificial limbs for crippled children in Europe. They also provided remembrances for the sick and bereaved in their community.

Cremona reported 19 members on their roll. They assist with all deservicing community enterprises. A lecture was given on safe driving, and travelogue on Mrs. Schultz's trip to England and Scotland. Lone Pine has 30 members, the largest reported. They helped pay for a loudspeaker for the hall and to buy uniforms for the local baseball club.

BROTHER OF MRS. SID WILKINS PASSES IN BELCHER HOSPITAL

Leonard MacAndrew, 33, 4114 17th St. S.W., Calgary, died Thursday, August 4, in the Col. Belcher hospital after a long illness.

Mr. MacAndrew was born in Calgary and was employed at Currie Barracks. He was a member of the Canadian Legion and served in France and Holland with the 55th Battery, Royal Canadian Artillery, receiving his discharge in September, 1913.

He is survived by his wife, Jean (nee MacArthur), Marjorie Jean, his mother and stepfather, Mr. and Mrs. J.H. Burel, all of Calgary; and a sister, Mrs. S. Wilkins, Didsbury.

Canon W. H. Morgan conducted services from Park Memorial chapel in Calgary on Saturday, August 6, at 3:45 p.m. Interment followed in the Field of Honor, Burnside cemetery.

Crops Ripening in Westcott District

Crops are ripening fast and cutting should start in another week or ten days. The crop picture varies from good stands to poor. However, barring hail this area should again have a good harvest and plenty of feed.

A large number of the Westcott ladies were in attendance at the W.I. conference in Didsbury Thursday.

Judy Berscht spent a few days last week with her grandparents, Mr. and Mrs. Harry Levagood.

The Westcott men's softball team defeated Waterloo last Thursday evening by a wide margin.

Delroy Goetjen returned home last Thursday afternoon from her four week motor trip spent at the west coast and U.S. points. Saturday morning she left for Sundre, where she has accepted a position for the rest of the summer.

With the Grade IX results received last week end, Westcott's two Grade IX pupils, Elaine Goetjen and Clara Schneidmiller, found they had successfully passed their examinations. Congratulations to both pupils and to the teacher, Mrs. Ethel Kenschul.

Mr. and Mrs. O. Folkman and family, Mr. and Mrs. H. Dageford and family, along with other relatives, spent Sunday at Sylvan Lake. Mrs. Kromm and daughter Sue of Calgary accompanied Mrs. Irwin to the Goetjen home last Wednesday.

We are sorry to hear that Mr. Jack Wedder is again on the sick list. His best wishes go out to him for a speedy recovery.

On Wednesday afternoon last another Weaver brush demonstration was held at the home of Mrs. Herbert Goetjen. In the absence of the regular demonstrators, Mrs. Martin, Mrs. M. Irwin of Calgary took over the afternoon's entertainment. Mrs. Clarence Larson won both prizes, the first in a contest.

Fish and Game Associations Name Picnic Prize Winners

Prize winners at the Raven picnic held at the Fish Hatchery on July 31, were:

Fish Casting—Most Accurate Cast: E. Fort; Longest Cast: Ralph Sicotte; Oldest: Rifle Shoot—1st, Harold Doan; 2nd, Raymond Fulkert; Didsbury; 3rd, Jim Savage, Raven; 4th, G.O. War—1st, Caroline; 2nd, Didsbury.

The public address system in charge of Roy Spackman and Archie Boyce was a big help in keeping the crowd informed of the various events; in broadcasting the music of Lawrence Field and his orchestra, and the impromptu musical program held in the evening at the weimer roost.

Piper Edgar and three highland dancers of Red Deer were an enjoyable feature of the program and the impromptu evening program included songs by the following: Marie and Helen Jensen, Innisfail; Phil Rhodes, Markerville; Howard Harris, Caroline; Nels Swanson, a Swedish folk song; Charles and Jack Smith, Kestville; Sam Ennis.

The quarterly meeting of the Rosebud Health District was held on July 26 and the election of the executive was as follows:

Dr. L.C. Allen, Ex-officio member; Mr. A.A. Dunkley, chairman; Mr. C. Reiber, vice chairman; Mrs. Jean Stevens, secretary; Mr. F. Niddrie, board member.

All members were present with the exception of the Carstairs representative.

It was learned that the Sanitary Inspector who had been appointed to serve alternate two weeks at Didsbury and High River, had been engaged full-time with High River.

Negotiations are under way to secure the services of a full-time sanitary inspector for the Rosebud Health District but suitable housing accommodation is one of the drawbacks to satisfactorily fill the vacancy.

Resignations were accepted from Miss Chris Nichol and Miss Helen Byrt, to take effect in October. Miss Nichol is being married in September and Miss Byrt has accepted a post in British Columbia. The board expressed its best wishes for their future happiness and accorded them a vote of thanks for the splendid service rendered in this district.

Dr. Allen, with the help of the executive, will endeavor to secure applications for these two vacancies.

Dr. Allen commented on the condition of slaughter houses in the District and recommended that short term permits be granted which would be cancelled outright on expiry date if certain recommendations for improvements were not put into effect. The Board concurred in this arrangement.

Isaac Burkholder Dies at Linden

Isaac Burkholder, 77, died at the Linden Nursing Home near Swallow on Saturday, August 6th.

He was born at Markham, Ont., and came west to homestead near Graveland in 1905. He went to Mayton in 1917, to Didsbury in 1922, and to Swallow in 1948. He was associated with the British and Foreign Bible Society for 25 years.

Surviving are his wife, Ida; five daughters, Mrs. Verna Spencer, Fleet; Mrs. Velma Boettger, Sundre; Mrs. Gladys Boettger, Didsbury; Mrs. Edna Reed, Lethbridge; Mrs. Clara Faulk, Sunnyslope. Two sons, Gordon and Allen, predeceased him.

Funeral services were conducted at 2 p.m. on Tuesday, August 9th, from the United Missionary church with Rev. E.G. Archer officiating. Interment followed in the Didsbury cemetery, and Didsbury Funeral Home was in charge of arrangements.

test and another in a door prize, given by the Weaver company. At the conclusion of the demonstration Mrs. Goetjen and daughters, Marjorie and Elaine, served lunch.

Mrs. Lawrence Field, Innisfail, and others. Some of the entertainment was of a very high calibre and all was thoroughly enjoyed.

During the afternoon short addresses were given by F.D. Shaw, M.P.; Benny Watkins of the Game Branch; George Watt, president of the Alberta Fish and Game Association, Calgary; Thern Kjar, provincial game guardian.

Mr. Edgerton of Rocky Mountain House held the lucky ticket to win a fine fly fishing outfit.

Thirty-nine washbuds of coffee and 500 pounds of barbecue meat were served during the day, along with 60 gallons of ice cream and 173 cases of soft drinks.

W.I. CONSTITUENCY MEETING

(Continued from Page 1)

Bancroft made most of its funds from a card tournament last winter. They are buying vitamin capsules for the Department of Public Health which will be sold at cost to members. They also helped provide treats for the school picnic in June.

Zella, which was organized just three months ago, has a "Gypsy Swap Basket." All members donate their white elephants, which might be of use to someone else, and the funds from the ensuing sale are paying the dues of this enterprising group.

Mrs. Marsh, convenor of the Bancroft Buttercup, said they made enough money to buy material for green gabardine skirts for their girls, the girls making their own skirts. They repaired toys for the poor at Christmas and assisted with a softball team and gave a party for the mothers of the members.

Jean Krebs, reporting for the Rugby Bluebirds, said they had sent two of their 19 members to Club Week at Oids. Both had won prizes there. Violet McNaughton for an apron she had made and Marlene Vipond for a stuffed toy.

Mrs. McGormann described her visit to the convention of the Associated Countrywomen of the World at Saskatoon in June. She said there was still a great need of

clothing, particularly for men in Europe, but suggested members not work too hard for outside projects at the expense of their community work. She hoped W.I.s would take as their motto "Save Our Soil."

Mrs. Howes requested all W.I. groups to celebrate the United Nations Day on October 24 by studying about U.N. with emphasis on Denmark, where the next world convention of W.I. groups will be held.

Convenors of each topic gave reports of the activities during the year. These included Citizenship, Mrs. Gordon Ford; Agriculture, Mrs. P. Hauser; Social Welfare, Mrs. H. Hoesgood; Canadian Industries, Mrs. R. Eckel; Handicrafts, Mrs. W. Wood; Home Economics, Mrs. M. Owens.

Mrs. Bray showed two excellent films on Cancer, and gave a talk urging people to see a doctor at once if danger signs are apparent. Mrs. Jake Tanton of Acme thanked all those who assisted with the convention. The United Church Ladies' Aid served dinner at noon.

Officers elected include: Convenor, Mrs. Jack Robertson; Social Services, Mrs. Sarah Schultz; Cremona; Social Welfare, Mrs. John Bruce; Home Economics, Mrs. W. Owens; Mrs. S. Gibbs; Canadian Industries, Mrs. R. Eckel; Handicrafts, Mrs. R. McNaughton; Citizenship, Mrs. G. Ford; Secretary, Mrs. Harvey Hoesgood.

MELVIN NOTES

The Melvin W.I. was well represented at the district conference in Didsbury on Thursday. Being the first conference because the Melvin W.I. was only formed last September, the members found the proceedings quite interesting and came home filled with new ideas and renewed ambition. In the handicraft and cooking display the Melvin W.I. made a creditable showing, winning third place in the total number of points. This gives them a better understanding of the work and aims of the W.I. during the coming year.

Miss Emilie Dupont who underwent an appendix operation in the Didsbury hospital is progressing splendidly and expects to be home by the middle of this week.

Gordon McNaughton and Emilie Dupont, the two Melvin students who wrote their Grade IX exams this year, were successful, receiving A and B standings respectively. Congratulations to you both.

Mr. J. Weidner has been on the sick list at the home of his daughter, Mrs. Allen Krebs, and we wish him a speedy return to health.

Mr. and Mrs. A. Schneidmiller and Phillip and Mr. and Mrs. Emil Krebs and Donnie spent the week end in Banff.

Mr. and Mrs. Roy McNaughton and family attended the wedding of Miss Irene Langdale to Mr. Roland Hanson in Strathmore on Sunday. Miss Langdale is a former teacher of the Melvin school.

Although the number of hens that are laying eggs is ten per cent lower than last year, every group of 100 birds is producing 15 more eggs than last year.

LETTER TO THE EDITOR

Dear Editor,

Just a bit of comment on the Didsbury Lions' Club Jamboree parade. It simply was lovely for a small town like Didsbury. And as far as the hot dog stand was concerned, well, it was also all right. Our Druggist can sure make those hot dogs just as good as he can do up the pills for the ailing people, and Ed Klinek never failed to tell his public that those hot dogs had butter on them, of course. When one fell into the butter, that bit of butter was free.

However, we sure noticed the merry-go-round. The poor horses were out dated although the kids did get quite a bang from the rides, so why worry. But what we could not understand was why the committee in charge did not have some of those lovely horses doing their stuff on the race track?

We give the Lions Club credit for a wonderful parade, but boys, next time have some more entertainment for the older folks.

We're hoping to be with you next year and desire more hot dogs and butter.

WINGLESS CHICKENS NOW BIG BUSINESS

Peter Baumann's wingless chickens soon may be moving into the high income brackets.

Baumann disclosed that Tom G. Dyer, sales manager of a Spencer, Ia., feed firm, is handling the sale of exclusive rights to the stream-lined birds.

Baumann has spent 15 years in developing his new poultry strain, the legs with two malformed Texas chickens and through selective mating has developed a flock in which he says 95 out of 100 eggs hatch into wingless chicks.

AT LEAST NINE BUFFALO
HUNTERS STILL IN THE WEST

The search of the Historical Society of Alberta for old-time buffalo hunters is meeting with results.

Last week, the Society sent out a call for anyone who had actually taken part in a buffalo hunt. As the last organized hunt is reputed to have taken place sometime prior to 1880, observers don't think too much of the Society's chances. How wrong the observers were has been proved by the news that no less than nine former hunters have been located so far. (The word "former" is used advisedly—ages of the hunters hover over the ninety mark).

The list even includes a woman, Mrs. Victoria Callhoo of Gunn, Alberta. There is an American, Charlie Smith, of the Poplar Reserve, Montana; and two from Saskatchewan: J. O'Connor of Chateaufort and Thomas Watanue of the Red Eucasant Reserve at Battleford. Other Albertans are Fred W. Chase of Edmonton; "Old Tim" of Calgary; Frank Ladoucan, Camrose; Lewis Strawhat of Hobbema Reserve; and George Bell of Alis. Mr. Bell is a Texan, and assisted in the assembling of the buffalo herd later purchased by the Alberta Government.

These hunters will be invited to attend the unveiling next Labour Day of Elk Island Park's new Buffalo Cairn. Anyone knowing of other old-timers is asked to get in touch with the Historical Society, Department of Economic Affairs, Edmonton.

TOURIST INFORMATION OFFICE
OPENED AT MACLEOD

Another progressive step which will add to the comforts of tourists and encourage the tourist industry in Alberta was realized August 8 when the Alberta government tourist information bureau as Macleod was officially opened.

Two cabinet members, Hon. A.J. Hooke, minister of economic affairs, and Hon. D.R. MacMillan, minister of public works, officiated at the opening.

The bureau is housed in a rustic log cabin which is finished with natural pine logs and comfortably furnished. The interior is decorated with photographs produced by the photographic section of the department of economic affairs. Featuring all modern facilities the building was constructed by the department of public works. Approaches to the bureau are marked by large signs finished with special paint. A 24-hour service will be offered at the centre.

Location of the cabin has been strategically placed at the junction of Highways Nos. two and three. This point is passed by all touring motorists entering the province via the Crownpass Pass, Waterton Lakes, Coutts, Chief Mountain, Carway and Lethbridge routes. The bureau will serve all northbound, eastbound and westbound tourists coming into Alberta. It will also serve the majority of tourists leaving Alberta for the United States.

Purpose of the cabin is to provide tourists with accurate "Up-to-the-minute" information regarding road conditions and tourist accommodation. This is designed to aid the tourist while moving from place to place with the least amount of delay and trouble. To implement this service a teletype system has been installed which connects Macleod with offices in Calgary and Banff. This feature has been made practical through the co-operation of the Alberta Motor Association.

Operation of the Bureau at Macleod will be handled by the travel bureau department of economic affairs. It will be staffed by the Alberta branch of the Pacific Northwest Tourist Association, under supervision of A. Swinerton of Macleod, a director of the association. C.K. Underwood, a former Calgary newspaperman, will be in charge of the bureau. He will be assisted by three female employees.

At the Macleod Bureau tourists entering Alberta will receive travel literature. Personal contacts will be made for the tourists by personnel employed at the bureau. That is to say, if a visitor to Alberta desires to fish, hunt, mountain climb, paint, go on trail rides, boat, an expert on his favorite sport in the district of his choice will be contacted for him.

CANADIAN WOODS NOT
SUITABLE FOR CHINA

The ever-present "dollar shortage" is the source of most difficulties in international commerce today, but a recent report from Hong Kong adds another trade barrier—termites.

Canadian woods are subject to attack by Hong Kong termites, and therefore there is little possibility for the export of forestry products for the construction or furniture trades in the area. The principal wood used in Hong Kong is teak from British North Borneo, which has proved to be termite resistant.

WEDDING

NELSON-BENSON

Vancouver Heights United Church was the setting for the recent nuptials of Darlene Helen, Benson, daughter of Mr. and Mrs. R. H. Benson, 5 Fell Ave., and Billy Erven Nelson, son of Mrs. Nelson and the late W.K. Nelson of West Vancouver, formerly of Didsbury, Alberta.

The church was tastefully decorated with roses and mums, while garlands of white ribbon tied with roses looped over each pew.

Rev. S. T. Galbraith officiated at the double ring ceremony. The bride, given in marriage by her brother, Robert, was gown in white slipper satin and lace and a series of folds at the hemline of the skirt fell into a voluminous train, while a crown of pearls held her full-length veil in place. She carried red roses and carnations with fern.

Betty Benson and Christine Johnson were bridesmaids, the former wearing mauve and the latter pink

taffeta. The two little flower girls, Audrey Nelson, niece of the groom, and Patsy Benson, niece of the bride, wore rose and blue taffeta with all over lace net, and carried ecru and blue nosegays.

The groomsmen were C. Nelson, brother of the groom, and Chico Gully. The ushers were Arnold Mackie and Bert Benson. Miss Joan Greer was soloist.

Following the ceremony a reception was held in the L.O.O.F. hall for 150 guests, after which the happy couple left for Victoria and Cumberland. On their return they will reside in North Burnaby, B.C.

FAMILY ALLOWANCES IN KIND

Northern officers of the Department of Mines and Resources report that assistance rendered through Family Allowances has proved of substantial aid to the Eskimos. Eskimos do not receive Family Allowance by cheque but are paid in kind in the form of goods which will bring direct benefit to their children.

NEW TRACTOR TO BE PRODUCED IN AUSTRALIA

An Australian firm is ready to produce a wheeled tractor specially designed to suit farming conditions in that country. The essential characteristics of the tractor, priced at approximately \$3,225, is its mechanical simplicity, enabling the operator to perform all but the major repairs. This is a necessary condition in Australia, where servicing organizations do not normally cover country areas.

726 ENTRIES IN DARLEY CONTEST

Despite handicap of drought and other factors which in areas barred normal crops, at least 726 farmers in the three prairie provinces have entered the National Barley Contest in 1948.

Figures released August 3 by the Barley Improvement Institute give 241 entries from Manitoba, 332 in Saskatchewan and 150 in Alberta. Additions are probable when the final figures are compiled by the provincial committees.

In Manitoba the number of entries is slightly below last year and in Alberta the decrease is considerable. An unusually dry June in the north and north central mauling barley areas of Alberta severely damaged the crop in districts which normally would have produced the biggest number of entries.

This year there is only one competition. Last year there were two. The 1949 competition is exclusively for producers of malting barley in commercial quantities and calls for a carload entry of a minimum 1,667 bushels.

In Saskatchewan the entries are more than last year. Although the southwest part of the province was hard hit by drought, the barley area in the northeast has had ample rains and generally the barley crop is good.

Mr. and Mrs. Joe Raymond and two sons of Leduc, and Mrs. H. Skerry of Carbon, called on Mr. and Mrs. W. Skerry last Wednesday.
